# Browsers

**Google Chrome, Apple Safari, Mozilla Firefox, or maybe Microsoft Edge instead? The list of potential browsers is a long one. But which one is the right one?**

To cut a long story short: There is no one right browser. There are pros and contras to all browsers. You can find out what these are, and what you should consider with regard to security issues, in our new article on "Browsers (https://www.ebas.ch/en/browsers-2/) ".
