

28.04.2021

Protect yourself from cyber attacks

It's Cybersecurity Week from 3–7 May! Get tips on how to stay safe online, and take part in free webinars.

The internet offers criminals a whole range of ways to make money from defrauding you. To find out more, join in with our Cybersecurity Week from 3–7 May 2021. Every day you'll get a S-U-P-E-R tip to help you use the internet (more) safely.

Check the [s-u-p-e-r.ch](http://www.s-u-p-e-r.ch) (<http://www.s-u-p-e-r.ch>) website and «eBanking – but secure!» (EBAS) (<https://www.ebas.ch/en/> (<https://www.ebas.ch/en/>)) from 3 May onwards to discover the dangers you need to be aware of, and what simple steps you can take to protect yourself. You can also do a quick S-U-P-E-R check to find out how your digital security right is looking right now.

Why not take part in one of our free webinars, on fraud, malware, and strong passwords? You can also sign up from 3 May onwards at www.s-u-p-e-r.ch (<http://www.s-u-p-e-r.ch>).

[Subscribe to our newsletter](https://www.ebas.ch/en/newsletter-registration/) (<https://www.ebas.ch/en/newsletter-registration/>) to keep well informed about this campaign and about much more.

This digital security campaign is supported by:

- Swiss Crime Prevention and the cantonal and municipal police forces (www.skppsc.ch (<http://www.skppsc.ch/>))
- «eBanking – but secure!» (EBAS) (<https://www.ebas.ch/en/> (<https://www.ebas.ch/en/>))
- National Cybersecurity Centre NCSC (<https://www.ncsc.admin.ch/ncsc/en/home/infos-fuer/infos-private.html> (<https://www.ncsc.admin.ch/ncsc/en/home/infos-fuer/infos-private.html>))
- iBarry – The internet security platform (<https://www.ibarry.ch/en/> (<https://www.ibarry.ch/en/>))
