Checklists on Instagram and LinkedIn

Do you use Instagram or LinkedIn? Are you using these Social Media in a secure fashion? Our new checklists will help you to use these media safely.

We have added two additional platforms to our checklists on how to use Social Media safely. It's not always easy to keep track of all the various settings Instagram and LinkedIn offer and to select the best settings for your purposes. Our checklists are meant to help you protect your data in the best possible way.

The Instagram checklist can be found [here \(https://www.ebas.ch/en/instagram-settings/\)](https://www.ebas.ch/en/instagram-settings/).

The LinkedIn checklist can be found [here \(https://www.ebas.ch/en/linkedin-settings/\)](https://www.ebas.ch/en/linkedin-settings/).
