Autumn courses 2021

Would you like to improve your digital security? Then attend one of our “eBanking – but secure!” courses! The new dates for autumn have now been published.

We will be offering the following courses for different target groups in autumn 2021:

Basic course

Our basic course will teach you about current Internet threats and the basics of easily protecting yourself – with our “5 steps for your digital security” – against them. You will also learn how to apply some simple rules for secure e-banking.

Practical course

Our practical course will enable you to apply our “5 steps for your digital security” on computers running Windows or macOS provided by us in a protected environment. In addition, you can check your knowledge of secure e-banking rules, and much more.

Online course for the under-30s

This online course will teach you how to use your smartphone securely. Next to basics, we will also show you what’s important to know when using social media (WhatsApp, Instagram & Co.), and how to securely use clouds. And last but not least, there’s some useful tips on secure mobile banking und mobile payments.

Online course for SMEs

Is your organisation sufficiently secure? New legal requirements, a growing IT complexity, an increasing use of mobile technology, a move towards cloud use, plus organised crime – all these make security, and above all IT security, an absolute must. Take this course to learn which steps you can take to significantly strengthen your organisation’s IT security.

You can find our [Course overview \(https://www.ebas.ch/en/course-overview/\)](https://www.ebas.ch/en/course-overview/) here.
