Mobile payments – but secure!

Payments via smartphone or contactless cards are becoming ever more popular. To shop with no need for cash or codes is convenient – yet it also involves risks.

Read our [new article \(https://www.ebas.ch/en/mobile-payments-and-contactless-payments/\)](https://www.ebas.ch/en/mobile-payments-and-contactless-payments/) on what is behind all this, and how to protect yourself.
