# Some places still available: Autumn courses 2021

**Our courses will start in a good three weeks, and some places are still available. If you would like to improve your digital security, attend one of our "eBanking – but secure!" courses!**

This autumn, we are offering the following on-site and online courses for different target groups: We are sure you will find just the right one too – register today (https://www.ebas.ch/course) !

**Basic course**
Our basic course will teach you about current Internet threats and the basics of easily protecting yourself – with our "5 steps for your digital security" – against them. You will also learn how to apply some simple rules for secure e-banking.

**Practical course**
Our practical course will enable you to apply our "5 steps for your digital security" on computers running Windows or macOS provided by us in a protected environment. In addition, you can check your knowledge of secure e-banking rules, and much more.

**Online course for the under-30s**
This online course will teach you how to use your smartphone securely. Next to basics, we will also show you what's important to know when using social media (WhatsApp, Instagram & Co.), and how to securely use clouds. And last but not least, there's some useful tips on secure mobile banking und mobile payments.

**Online course for SMEs**
Is your organisation sufficiently secure? New legal requirements, a growing IT complexity, an increasing use of mobile technology, a move towards cloud use, plus organised crime – all these make security, and above all IT security, an absolute must. Take this course to learn which steps you can take to significantly strengthen your organisation's IT security.

You can find our Course overview (https://www.ebas.ch/course) here.
