A digital spring clean

Have you made a New Year's resolution to clean and tidy up your home? There's a lot of clutter accumulating on digital devices with time, too. Use the New Year for a digital spring clean.

A new year has begun. Use this new beginning for a spring clean – of the digital kind, too.

- Clean up your device and get **rid of digital clutter**: Delete any apps and data you no longer need, and use software updates to bring your system, software and apps **up to date**.
- Increase your digital security: Protect your access points and devices against unauthorised access by strangers, and use **secure passwords**.

Our article with “[Tips for a digital clean-up \(https://www.ebas.ch/en/tips-for-a-digital-clean-up/\)](https://www.ebas.ch/en/tips-for-a-digital-clean-up/)” sums up some points to help you with your digital New Year's spring clean.
