Spring courses 2023

Since 2010 we have trained several thousands of people during our popular courses already. Would you also like to improve your digital security or refresh your knowledge? Then attend one of our “eBanking – but secure!” courses this coming spring!

Next to our established courses, we are also offering a new one on **cryptocurrency**. This course will introduce you to the world of familiar digital currencies such as Bitcoin or Ethereum. You will gain insights into the underlying Blockchain technology, into how to trade with cryptocurrencies, set up a wallet and what you have to be aware of with regard to security.

Have a look at our [total courses offered \(https://www.ebas.ch/en/course-overview/\)](https://www.ebas.ch/en/course-overview/) here and register for one today!
