Quick Response-Code (QR-Code)

You can use QR codes to pay invoices, access a digital menu in a restaurant or visit a website. Any data encoded in the code cannot be read by humans. You should therefore be careful when using them.

Read our [new article \(https://www.ebas.ch/en/quick-response-code-qr-code/\)](https://www.ebas.ch/en/quick-response-code-qr-code/) on what is behind all this, and how to protect yourself.
