Autumn 2023 courses

Attend our popular courses to protect yourself in the digital world. No matter whether you are a beginner or advanced in the subject: Our practice-oriented courses offer you all the knowledge required to protect your data and devices and use both Internet and e-banking facilities securely. Do apply today!

New dates for our popular “eBanking – but secure!” courses were just published for autumn 2023.

Have a look at [all our courses on offer here \(https://www.ebas.ch/course\)](https://www.ebas.ch/course) and register for one today!

Practical courses for Windows 11

Next to our acclaimed other courses, we will also be offering more practical courses for Windows 11 complete with some computer exercises this autumn again. Learn and practice directly how you can implement the “5 steps for your digital security” and apply some simple rules for secure e-banking in a protected environment on computers provided by us. This course takes some 3 hours and is intended for all users of Windows 11.

You can find [further information on our practical courses here \(https://www.ebas.ch/practicalcourse\)](https://www.ebas.ch/practicalcourse).
