Are you affected by a data breach?

Every now and then, online services are hacked to steal log-information. Use “Have I been Pwned” to periodically check whether your data such as passwords or e-mail-addresses are still safe!

The “Have I Been Pwned” service pools information on any data leaks which have come to light to make them available to the public. Check [here \(https://www.ebas.ch/have-i-been-pwned/\)](https://www.ebas.ch/have-i-been-pwned/) whether your online data have been affected by a data leak!
