Spring 2026 courses

Our popular courses all around the topic of e-banking will start soon. Find out about the latest developments and risks involved in e-banking security. There are free places still available for all our courses.

“eBanking – but secure” offers a wide variety of courses. They range from basic courses to specific ones, for instance on mobile banking or cryptocurrencies – suitable for previous knowledge at different levels.

These courses address current threats and will advise you of relevant protective measures using up-to-date technology to counteract them. We look at both Windows and macOS computers plus Android and iOS devices in these courses.

Sounds interesting? Then do apply today!
